PRESSURE THERMOFORMING, ORAL/FACIAL INJURY PREVENTION & THERMOFORMING APPLIANCES

This lecture will address trauma recognition and treatment of orofacial injuries. Pressure thermoformed laminated mouthguards will be discussed. Fabrication of other thermoformed appliances, such as splints, stents, positioners, retainers, and full denture and partial repairs will be demonstrated.

The hands-on portion of this course will focus on pressure thermoforming fabrication of appliances such as stents, mouthguards, model duplication impressions, clear orthodontic positioners and retainers, bleaching trays, denture repairs and other in-house thermoformed appliances resulting in decreased lab bills.

Dr. Ray Padilla, DDS
Ray Padilla is at the UCLA School of Dentistry. He is the Team Dentist for UCLA Athletics, the Los Angeles Galaxy, Los Angeles Sol, and USA National Soccer Teams. Dr. Padilla has published many articles on dental appliance pressure thermoforming, mouthguards, trauma treatment and prevention and organized www.sportsdentistry.com.
