

AGD2017 Credit Review Form

Please use this form to document any discrepancies on your AGD2017 CE Letter. Course credit was applied to your record based on courses you were registered for and the time you were recorded in the session. If you did not register for a session you attended, AGD cannot provide credit for that session.

Upon review of your CE letter, if you have questions about the credit or course data that is represented on your letter, please provide a written notification of the data in question. A verification code must be provided to obtain full credit. If you feel the course credit is represented incorrectly, please complete this form outlining any discrepancies and email the form to agdmeetings@agd.org. Due to the number of attendees at AGD2017, we are unable to make adjustments to CE records via over the phone requests.
