Restorative Materials Update

Dr. Jeff Brucia

8:00 am - 4:00 pm

7 hours lecture • AGD Code: 250

Dr. Brucia is a graduate of the University of the Pacific School of Dentistry where he is currently an Assistant Professor of Dental Practice. Dr. Brucia is the Co-Director of the FACE institute where he chairs the department of Aesthetics and Adhesive Material Science. His focus is to build a partnership between gnathology, occlusion and adhesion. He has also been selected

by Dentistry Today as one of the top clinicians in dental continuing education today. Dr. Brucia is past chair of the CDA Board of Managers, Scientific Sessions.

Dr. Chris Brady

8:00 am - 4:00 pm

7 hours lecture

AGD Code: 550

As the nationally recognized 'Smart Growth Practice Coach & Case Acceptance Expert', Chris loves helping dentists have or produce large amounts of whatever it is they want—in dentistry and in life. Dr. Chris has developed one of the most effective case acceptance systems that will have

patients asking for treatment. Dr. Brady's teaching approach is motivating and entertaining. You'll find yourself laughing and even feeling a bit embarrassed at some of the crazy well intentioned things we naively do and say to patients.
