

## March 25-28, 2010

### TMD & Orthodontics

Earn up to 48 hours of participation credit

Norris Conference Center • Houston, TX

**Friday, March 26 • Orthodontics • 8:00 a.m. - 5:00 p.m. • 8 hours hands-on credit**

**Presented by Dr. David Jackson**

This course is designed to enlighten you and open your eyes to the real world of general orthodontics. The purpose of the course is to show you how you could incorporate orthodontics into your general practice and add a significant income stream (\$120-\$180K the first year). Dr. Jackson will dispel the notion that orthodontics is too difficult for the general dentist, and show you in a day how to begin your orthodontic education.

**Saturday, March 27 • TMD • 8:00 a.m. - 5:00 p.m.**

**Sunday, March 28 • 8:00 a.m. - 12:00 p.m.**

**Presented by Dr. Charles Hoopingarner**

"Reflections of an Aging Warrior" could easily be called "Taking a Bite out of History". A differential diagnosis of TMD vs. Neuropathic Orofacial Pain will be given while presenting a chronologic journey through our understandings in the field of occlusion and oromasticatory function. Direct visualization of anatomic specimens will be used to show the anatomic and physiologic basis of occlusal determinations.

These courses are provided by TAGD's MasterTrack Program. MasterTrack is set up in two-session segments for each track. Each session is 3 1/2 days beginning with protocol presentations on Thursday. Friday, Saturday, and Sunday begin new topics. Participants that complete four year tracks will earn the minimum participation hours needed for Fellowship and Mastership. Participants are expected to earn the additional lecture hours at local CE meetings during this period.

## Registration • One form per registration • Limited attendance.

**Friday Only - Dr. David Jackson**

AGD Dentist .....\$295

Non AGD Dentist. \$345

(Breakfast and lunch included in fees)
