

September 9 - 12, 2010 • Austin, TX
AT&T Executive Education & Conference Center
Held in conjunction with the Lone Star Dental Conference

Operative Dentistry

Presented by Dr. Gordon Christensen

This program includes many of the new concepts in restorative dentistry compared to the long proven products and techniques. The morning session is a comparison of porcelain-fused-to metal restorations and the several competing types of all-ceramic crowns and fixed prostheses. The afternoon is a multi-topic discussion and comparison of the many techniques and materials used in fixed prosthodontics.

Topics include:

- Criteria for crowns vs. direct restorations in view of new superior direct restorative materials
- New tooth preparations
- Air vs. electric handpieces for fixed prosthodontics
- A brief clinical comparison of PFM and all-ceramic crowns
- The best cements for specific situations
- Many everyday dilemmas and solutions

Implants

Presented by Dr. Frank Higginbottom

 Round Rock, TX 78664
 or fax to 512-244-0476**

**Participation hours earned while working on
 Fellowship can be applied to Mastership**

48 hours hands-on credit with protocol presentation

MASTERTRACK is a protocol type program set up in two-session segments for each track. Each Session is three and a half days beginning with protocol presentations on Thursday. If you are a new participant to MasterTrack you will not make a presentation on Thursday. However, if you choose to attend to watch the other participant's presentations you may earn lecture credit for that day.

Friday, Saturday, and Sunday begin new topics. Participants that complete four year track will earn the minimum 400 participation hours needed for Fellowship or Mastership. Participants may also join more than one track at a time. Participants are expected to earn the additional lecture hours at local CE meetings during this period. Participation hours earned during the first 500 hours for Fellowship can now be applied to the hours required for Mastership.

Upon registering for this program I authorize TAGD to request and access information about my AGD transcript including view, add, update and edit.
