**MASTERTRACK** is a protocol type program set up in two-session segments for each track. Each Session is three and a half days beginning with protocol presentations on Thursday. If you are a new participant to MasterTrack you will not make a presentation on Thursday. However, if you choose to attend to watch the other participant's presentations you may earn lecture credit for that day.

Friday, Saturday, and Sunday begin new topics. Participants that complete four year track will earn the minimum 400 participation hours needed for Fellowship or Mastership. Participants may also join more than one track at a time. Participants are expected to earn the additional lecture hours at local CE meetings during this period. Participation hours earned during the first 500 hours for Fellowship can now be applied to the hours required for Mastership.

Upon registering for this program I authorize TAGD to request and access information about my AGD transcript including view, add, update and edit.
