

# **BODEX: Tobacco, E-Cigs, and Marijuana**

8/10/23 | 6pm - 9pm

## **Course Description:**

This course will provide an overview of tobacco cessation, e-cigarettes and marijuana use. This course will also provide the methods of tobacco cessation and discuss motivational interviewing. The aim of this course is to prepare the dental health professional to effectively and positively influence patients who use tobacco. This course meets the BODEX standards of licensure renewal for chemical dependency.

## **Course Objectives:**

1. Refresh concepts of tobacco cessation
2. Discuss effective strategies to motivational interviewing
3. Overview of E-cigarettes
4. Overview of Marijuana and its effect on dentistry

## **Course Speaker Bio:**

Dr. Mai-Ly (My-Lee) Duong, DMD, MPH, MEd, MAGD, FACD, FICD, FPFA, FSCD received her Doctor of Dental Medicine (DMD) and Masters in Public Health (MPH) from A.T. Still University. She completed a Masters in Education (MAEd) with a dental emphasis from the University of the Pacific. She serves as a full-time Associate Professor and Director of Special Care Dentistry at the Arizona School of Dentistry and Oral Health The Center for Advanced Oral Health.
