"The Perfect Dental Storm: Why are my teeth so short and worn down? Evaluating the interaction of disturbed sleep, bruxing, gerds, saliva and erosion."

COURSE OUTLINE

Why are my teeth so short? This presentation will give the dental staff valuable information regarding the various oral insults that result in badly worn teeth and the background to address these issues in children and adults.

COURSE OBJECTIVES

- Understand the various forces that result in severely worn teeth.
- Understand what is in sports drinks and how they affect the teeth.
- Understand the differences between sodium fluoride, stannous fluoride.
- Learn why a sleep questioner should be a part of your office intake exam.
- Develop a method of explaining and answering your patient's excellent questions regarding their worn teeth.
- Understand why night guards may be inappropriate for every bruxing patient.

Dr. Gene Santucci is an Associate Professor in the Department of Preventive and Restorative Dentistry at the University of the Pacific, Dugoni School of Dentistry (UOP), in San Francisco, CA. He holds a Masters Degree in Educational Psychology and Counseling from the University of the Pacific. He has balanced dental education with private practice for over 30 years.

Dr. Santucci is Co-Director of the Dental Sleep Mini-Residency Program at UOP as well as Content-Coordinator for Sleep Medicine Curriculum at the dental school. He was a faculty member in their prestigious complex and esthetic rehabilitation program and is Course Director for the second year integrated preclinical restorative course teaching a curriculum that includes esthetic dentistry, occlusion and implants. He was a member of and author on UOP's Task Force Report regarding sleep medicine course content, in dental education.

He has presented nationally and internationally on the topics of Dental Sleep Medicine, ADHD in Children and Sleep Related Disorders, Occlusion, Aesthetics, Temporomandibular Disorders, Dental Photography, Functional Anatomy of the Gnathostomatic System and Fabrication and Delivery of Night Guards.
