

TAKE THE PATHWAY TO THE TOP

Are you looking for quality but affordable hands-on continuing education? Are you tired of hunting down courses, flying all over the country...picking and choosing what you need to fulfill your requirements?

Do you wish there was a comprehensive, instate CE program that covered all aspects of general dentistry, including the 16 subjects required for Mastership in the AGD? Well, there is! Consider joining California AGD's MasterTrack Program—your "Pathway to Clinical Excellence."

The object of CAGD's MasterTrack program is to provide a comprehensive CE program over a four-year cycle. Each meeting is set up to provide an up-to-date review and discussion in each of AGD's 16 general dentistry disciplines. This program provides an exciting mix of excellent education, professional growth, interesting office assignments and the development of new friendships form around the state (and country!).

Should you choose to join, you will see how unique our program is. It is truly an outstanding program at an incredibly affordable price. MasterTrack is open to both Pre-Fellows and Fellows of the Academy of General Dentistry. The program is held in April and October at the Marriott Irvine Spectrum in Irvine, CA.

Each session is 3 ½ days, from Thursday through Sunday. Thursday, Friday, and Sundays are lectures/workshops, and Saturdays are "protocol presentation day," where each participant does a 10-minute presentation based on the "homework assignment" from the previous session. Each session gives you at least 52 participation CE—if you do the presentations. If you choose not to present, you will still receive 16 participation CE and 6 lecture. The cost of the program is \$7,100 a year (for all 8 days) and includes breakfast, lunch, and a hotel room for Thursday, Friday and Saturday nights (there is no discount if you do not need a hotel room).

Continuous attendance in our 4-year program with presentations yields over 100 participation hours per year. This results in more than the necessary participation hours required for Mastership over the 4-year cycle. Credits can also be applied towards Fellowship and used to satisfy state licensure requirements.

MasterTrack™ Pathway to Clinical Excellence
