

How Do I Claim My AGD Digital Badge?

To claim your digital badge (accepting earned badges):

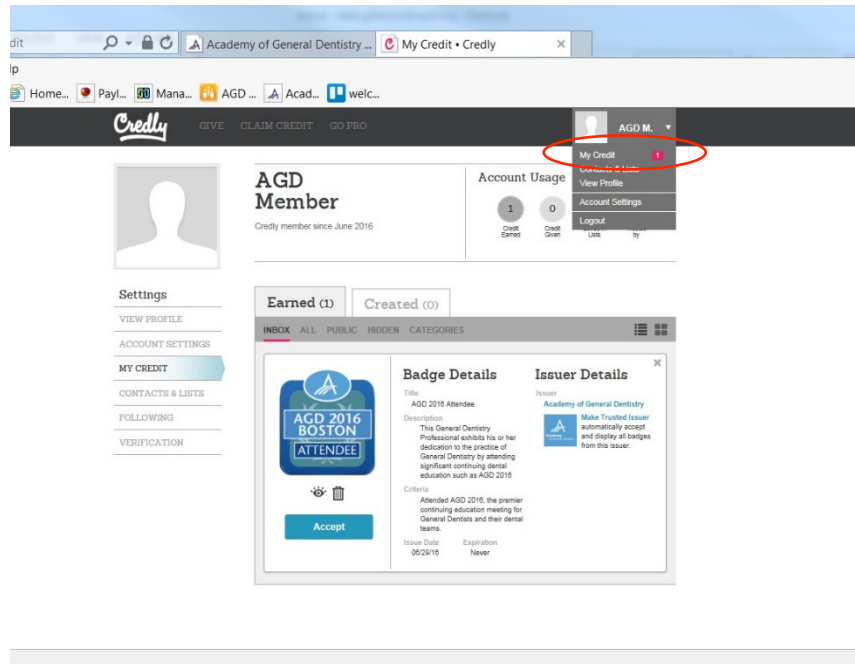

Open the email you receive from AGD's Digital Badge provider Credly. The email will come from the following address: [Academy of General Dentistry via Credly <alerts@credly.com>](mailto:alerts@credly.com). Then, click the "Save & Share" link.

If you're new to the AGD Digital Badge program, create your profile on the Credly site. Once you've logged in, click the button to accept your badge. (Note: You may need to verify your email address prior to accepting your badge.)

A screenshot of the Credly account creation form. The form is titled "Create an account here" and contains several input fields: "Email", "First Name", "Last Name", "Password", and "Password again". To the right of the form, there are two radio buttons for "This account is for:" with options "an individual (me)" (selected) and "an organization". Below these is a checkbox for "I agree to Credly's Terms of Service and Privacy Policy". A pink "Sign Up Now" button is located at the bottom right of the form.

You can also directly log in to your profile at credly.com, visit your "My Credit" page from the user menu on the top right-hand corner of the page, and check your "Inbox." Click the "Manage" button for any credit in your inbox, and then click "Accept" to accept it.

To automatically receive future AGD Digital Badges, set up your "[AutoShare](#)" settings.
