General Dentistry
Patient Consent for Publication of
Photographs and Other Identifying Materials

I hereby grant permission to the Academy of General Dentistry (AGD) to publish photographs or other materials (the “materials”) that may identify me (or my child) in an issue of its journal entitled General Dentistry. I understand that my name will not be published but that complete anonymity cannot be guaranteed. I further grant permission to the AGD to share the materials with other entities, including the public, for use of these materials for teaching, research, scientific meetings, other professional journals, medical books, broadcasts, advertising, and other purposes. I understand and accept that these materials may appear in print and online, and the public may have access to them.

The opportunity to view the materials and the General Dentistry manuscript containing them has been offered to me. I have either reviewed them or chosen not to review them.
